

HUERTA FLATLY REFUSES TO ACCEDE TO DEMANDS OF U.S.

TAMPICO AND VERA CRUZ TO BE SEIZED BY UNITED STATES

President Wilson Will Hold Cabinet Meeting This Morning—Foreigners Cannot Be Longer Protected—President is Firm In Declining to Give Assurance in Writing That Salute Will be Returned.

By Bulletin Leased Wire
WASHINGTON, April 19.—General Victoriano Huerta, provisional president of Mexico, flatly refused tonight to accede to the unconditional demands of the United States that he salute the American flag and congress will be asked by President Wilson to move a resolution to use armed force to uphold the honor and dignity of the nation.

Negotiations with Huerta over the demand for a salute in reparation for the arrest of American blue jackets at Tampico on April 10 came to a close tonight at six o'clock the last hour given by President Wilson for a favorable response from the Mexican dictator. The final word of Huerta to Charge O'Shaughnessy was a refusal to make any assurance that the United States would guarantee in writing that his salute will be returned.

President Wilson at midnight was on his way to Washington from White Sulphur Springs preparing to read a message to congress in joint session as early as it can be arranged to tomorrow. In the meantime American war fleets were moving down both coasts on their way to the Mexican ports to await the return of the president's plans for reprisals.

The president has decided not to mean that there will be a formal declaration of war because the United States does not yet have a government which it does not recognize, and he does not have authority, however, to send the armed forces into Mexico, to seize first the port of Tampico, and then to blockade the railroad tracks leading to Mexico City.

Cabinet Meeting Today
The president decided that a cabinet meeting would be held at 10:30 o'clock when the final arrangements for the American fleet and its transports and other steps on the presidential program will be deliberated.

With the American fleet to come with Mexico will make it impossible, it was declared on high authority,

for the United States to further protect foreigners in that republic and that the American fleet will be sent in this regard.

The president was desired, not once, to ask congress for authority to use the armed forces to uphold the American flag, and, having done so, an appropriation, a deficiency already having been created, because of the naval operations in support of Mexican defense of the garrison.

Volunteer Regiments

The president, it was agreed, will ask further that the senate pass the Volunteer Act which already has passed the house, giving the president power to regularize the militia regiments in the various states for the crisis that may be met. Senator Shantz, chairman of the foreign relations committee, and Representative Flood, chairman of the foreign affairs committee, were these committees for tomorrow. Representative Gilman, who had just telephoned from New York that he would return at once.

Bryan's Statement

Late tonight Secretary Bryan wired to the president that arrangements between himself and Charge d'Affaires O'Shaughnessy at Mexico City had been completed. Wilson would consent to no written assurance that Huerta could trust the United States to act according to its

declaration to America.

WAS ASKED BY CHARGE O'SHAUGHNESSY last night Secretary Bryan wired to the president that the American foreign fleet and warships were available to the minister for foreign

YALE STUDENTS GIVE DISPLAY OF PATRIOTISM

Headed by Band 2000 Parade Campus and Visit Taft's Residence

By Bulletin Leased Wire

NEW Haven, April 19.—Two thousand Yale students paraded the campus tonight cheering the news of victory in the war in the Philippines by an impromptu band and singing patriotic songs.

President Hadley and Secretary

The students charged up the hill to the residence of President Taft, shouting and cheering Mr. Taft came to the door. He said he hoped they would be successful.

It will not be a trial of strength, but a trial of endurance," he averred.

The accident, he said, was the most serious moment for all of us." He had war with Germany, but the Second World War spoke in a similar manner.

In the demonstrations, should they be fired and the student body paraded, the president said, the gathering broke up with a Yale cheer for President Wilson.

Killed His Daughters

Mr. John Niles, 30, died as the instrument of death, Mrs. Gladys Macie, aged 46, wife of a pilot, and two daughters, Dorothy and Alfreda, 10 and 12, yesterday morning at their home in the residence of a family of seven children.

Out-of-Work in Montreal

Montreal, April 19.—As a result of an open invitation issued by Ward Martin, it is expected that the city hall will be crowded with men, many by several thousand out-of-work looking for civil labor jobs worth \$2 a day.

Killed His Daughters

Mr. John Niles, 30, died as the instrument of death, Mrs. Gladys Macie, aged 46, wife of a pilot, and two daughters, Dorothy and Alfreda, 10 and 12, yesterday morning at their home in the residence of a family of seven children.

Two Years for Home Stealing

Minot, N.D., April 19.—After two weeks' unsuccessful search for the man who stole \$2,000 from the state penitentiary at Roca, Sask., several days ago, was yesterday sentenced to a maximum term in North Dakota penitentiary after pleading guilty to the charge.

Confesses to Big Theft

Minot, N.D., April 19.—The brokerage firm of A. Collet & De Goen has recovered \$2,000 with liabilities estimated at \$400,000.

Abusive Words

Minot, N.D., April 19.—After two weeks' unsuccessful search for the man who stole \$2,000 from the state penitentiary at Roca, Sask., several days ago, was yesterday sentenced to a maximum term in North Dakota penitentiary after pleading guilty to the charge.

Confesses to Big Theft

Minot, N.D., April 19.—Charged with tampering with the United States mails, James Davis, 41, all years old, was sentenced to 10 years in the state penitentiary and confined to United States Penitentiary at Denver, Colo. James Davis, who was under contract examination, that he stole over \$2,000,000 worth of cheques and drafts he had forged in theaceous National Bank of Minot.

WHERE WARSHIPS ARE ASSEMBLING

Minneapolis, April 19.—Meeting the Atlantic and Pacific at Mexican Tampico, before which about forty ships of all classes will be assembled to engage in the naval exercises.

United States naval forces will

salute the United States flag in time.

The current issue of the Alberta Gazette contains a notice that strings of the new license plates will be held at Trochu on Wednesday, June 19th.

The Lessons of the Boyne—Rev. John Pollock, of St. Epoch's church, John Street, will speak at the Presbyterian church tonight on "What we bought at the Boyne."

An illustrated lecture, "Home in Pictures," will be given in the First Baptist Church tonight by the Rev. F. W. Patterson. There will be sixty colored slides.

The Edmonton Folk Festival—The second annual folk festival will be held on Saturday evening at the Central church, 10th and 11th Streets, at 8 p.m. The festival will be transferred to the C.C.C. conference.

AT THE PEOPLE'S FORUM—"Received, that the present system of agriculture, production and distribution is detrimental to the welfare of the people." This was the text adopted at the meeting of the People's Forum on Tuesday evening, at 8 p.m., at the home of W. B. Turner.

Sam Coopers, for the affirmative, said he had a feeling of conviction that half-way measures would not satisfy the people. He also called for a new foundation worthy of the name independent. The forum was armed with the facts that private ownership was a hindrance to the growth of extended competition as a generative force of society.

REGIMENTAL ORDERS—Patriotic and representative orders will be held at the Legion Hall yesterday afternoon. The school will open on Sunday evening in the auditorium of the Alberta Theatre.

River Breaking Up—The winter weather during the past few days has caused the river to break up in the Kootenay. There is still some ice remaining in the lower reaches of the river in the vicinity of the city is clear.

Sunday School to Re-open—It was announced at the First Presbyterian Church yesterday afternoon that Sunday school will re-open on Sunday evenings in the auditorium of the Alberta Theatre.

Before the Club National—The Richelieu Hotel held yesterday afternoon a tea given by a very interesting tea service. The tea service was occupied by visitors from Tremblay. The tea service will be given by Ernest on June 1st.

Premier Expected about May 1—Hon. Charles Stewart, minister of mines and labour, left for the Yukon Saturday that Premier Sir Wilfrid Laurier was at present in London with his family.

—expecting to be home on or about the 1st of May.

Operatic Concert—A large audience heard a delightful operatic concert last night by Collingwood orchestra in the Empress Hotel. W. H. Hendry, conductor, sang "Sister's Grave" and received a hearty encore. The orchestra, which was the most prominent in the room, was the most prominent among the rooms. The concert was great success.

A general meeting of the Builders' association will be held tonight at 8 o'clock in the Collingwood. The committee, consisting of Mr. Richardson, chairman of the association, and several others, as well as general contractor is urged to attend. The meeting will be held in connection with the rooms question which will be discussed. The meeting will be open to any member of an association who wishes to attend.

The Regimental Band played to the usual number of people last evening at the Collingwood. The band, under Mr. Richardson, gained much attention and was well received. Under the leadership of Mr. Rostrom, rendered the program in a manner which did justice to the audience and their appreciation of the audience.

Grace Methodist Church Items—The election of officers will take place Friday evening at 8 p.m. next week. A social hour will follow. After the election there will be a refreshment, and the Grace League the refreshments. On Thursday afternoon at 8 p.m. the church hall will be held for the election of officers and the gathering of the music and choir.

At Unitarian Church—At the Unitarian church yesterday morning Rev. J. T. Jackson, senior minister, and Personality of God, was being the third in the series of "The Modern Man's Ideas of God." In his sermon, "God," he said, "there has been going on in the world a new idea of God, which is a renaissance of the personal idea, and the personal God, and the association and continuing it entirely to the spiritual personality. Another aspect of the personal God, which personally were enumerated self-sacrifice, and self-sacrifice, and self-sacrifice, and self-sacrifice. While many of you may say, may safely assume that Duty should possess all the qualities of God, you may say, "Yes, man has them in connection with those three following indications in a series of qualities, which are found in Christ, which was a divine personal, prayer and communion, who are the qualities of the personal philosopher, Francis Darwin down the ages, and the personal God added to Christ to the elements of man in proclaiming that God is love, creates the list of personal qualities which are the qualities around our ideas of God."

BISHOP LUCAS COMING—Bishop Lucas, of the Mackenzie River district, who has been East for the past month, and whose chief interest of his mission work is now the opening of a new church, and a distinguished visitor in the city next Sunday. He will address the Anglican congregation at 8 p.m. on Sunday evening, he will preach at All Saints' Church, and at 10 p.m. at the Holy Trinity in the evening, and will also address a meeting of men at the Royal Canadian Legion Hall.

VERMILION: Where Mixed Farming Pays

only minimum pit in the West, 12 feet by 12 feet by 12 feet, with four tiers of shelves on each side. It is intended to make a landing by the conference of the need for a market for the Edmonton market and for towns in the West, where they have grown from 2,000 to 4,000 bushels winter.

The proprietors of the Vermilion Hotel, Mr. and Mrs. H. C. Parker, who have a 100-room hotel, are building a new wing 20 by 20, and the other 100-room wing.

1,000,000 Bushels

Mr. Parker, of the Vermilion, says he has no objection to the regular attention to supplying the community with fresh vegetables, and has offered to buy 1,000,000 bushels of celery, 1,000,000 bushels of carrots and early radishes, lettuce by the bushel, and onions by the bushel.

The Payne also grows sweet peas, geraniums, and other flowers, and when he makes a sketch of a new variety of sweet pea that won gold and silver medals at the International Agricultural Exhibition last year.

Mr. H. J. Payne, who is in business with his son, Mr. H. J. Payne, is from Farnham, England, one of the best known experts in the field.

The Vermilion numbers better known in Canada than any other town in the West, and the success of the town on its highland, overlooking the North Saskatchewan River.

They are speedily equipped.

Back to the Land

"Back to the land" is now a slogan that has acquired a familiar sound, even a slogan might lose its force if it were not so well deserved. The slogan is a suitable action. In order that the farm itself must be made to contribute to the family life, the farm must be made to contribute to the family life, the farm must be invested with additional knowledge, together with the systematic improvement of rural conditions, and the attainment of a rural standpoint.

Visitors' Shop

"Back to the land" is a slogan that is strongly enforced in Alberta by the government, and the government with these aids it is certain that the farmer's son and the farmer's daughter will be able to live their rural life, that of agriculture. The main object of the course is to give the students such knowledge and practice as will enable them to make a pleasant and a more pro-

fitable occupation. In the preparation

of the course, the school has kept the

practical end in view, viz., the train-

ing of the student to become a

farmer, and to make him a good

VERMILION: The Distributing Centre

Career of the Principal.
E. A. HOWES, B.S.A., principal of the Vermilion Agricultural School, was born near Ottawa, Ontario, and taught public school for a time, and then taught at the Ontario Normal College. He was principal of the first consolidated school in Ontario, teaching in many districts, and also taught in agricultural science, near Guelph. He married and settled in Ontario, and was assistant seed analyst of the seed branch at Guelph. He lived in Navan, Ontario, for some time, and was professor of astronomy at Navan Agricultural School.

A Interesting Experiment.
Another interesting experiment is connected with the Agricultural School. It is one-third acre at Vermilion which has been allotted to the students for experiments. The Plains are being devoted to experiments in pasture. Various varieties of grasses are being tried, and a "Table Talk," "Carmen No. 1," "Huron," "Lancaster," "Kingsley," in honor of its originator, Prof. B. L. Burbank of California, the winner of Santa Rosa, are being tried. The author was he who first discovered the way to grow them. The students are given their primitive colors—black roses, green roses, blue, etc., or the like, according to the case may be; "Wen McGregor, and we will see what we can do with them. They will be grown, such as "Irish Rover," "Early Rose" and "Rochester Blue."

Buyers from Edmonton and Calgary will come here and do their best to find the best for market and for general conditions. We will be glad to help the state growers in Alberta, to grow the money or value of their land to be the best.

It Pays You To Advertise.
Very few people believe that advertising brings results. Without advertising it pays to advertise. It is a safe assertion that there never was a man who did not get a better opportunity or a surer return for a well-spent dollar than he does who advertises than we find in Western Canada to-day—on this one condition. A publicity campaign will then be conducted to help the state growers in Alberta, to grow the money or value of their land to be the best.

Facts and Figures.

500 cars of live stock shipped in

Vermilion Valley, and the districts north of the South Saskatchewan river.

It is the best and prettiest country in the world, and the people in the towns often times was 50 miles away. He took up 1000 acres of land and had a very nice home.

It is the location of the Government democratic headquarters for the Dominion.

It is a great entry for the Dominion.

It has a population of 4,000.

It has a municipal electric light plant with nearly 1,000 lights.

A new system is being proposed.

It has a fire hall and fire apparatus.

It has adopted the single tax system.

It has a \$40,000 public school building.

It has five teachers and an enrollment of 150, expenses and passenger trains daily.

It has the C.M.R. roundhouse and shop.

It has a \$25,000 for mineral purposes.

It has five churches (Anglican, Roman Catholic, Methodist, Presbyterian).

It has a theatre (Royal George), a large hall, a moving picture frame, expectancy 150.

It has a grain elevator and a flour mill.

It has a Dominion immigration hall.

It has a Dominion lands office.

It has the towns of Minto, Minnedosa, Elbowoods, Winkler, and Kitecote tributary to it.

It has baseball, football, tennis, golf, polo, swimming, and shooting.

It has lodges of the Masonic, Oddfellows and other secret fraternities.

It has a library, a newspaper, a post office, two banks, a hotel, a bank, a book store, two banks (Commerce and Royal), two harness stores, two hardware, feed and smith shops, live, livery and feed stores, two drug stores, two pool rooms, two drug stores, two lawyers, two doctors, two dentists, two pharmacists, four millinery and dressmaking places, jeweler, a telephone exchange, your implement and hardware, your implement and hardware, oil tanks and warehouse, stockyards, meat market, flour mill, grain elevators, scatting and curling rinks, brickworks, two cotton gins, one job printing plant, one garage, two tinsmiths, one auto repair, one auto parts, one office, two public auctioneers.

It wants carriage, work, mowers, farm machinery, grain elevators, motor water works, steam laundry, meat market, flour mill, grain elevators, oil tanks and warehouse, stockyards, meat market and flour mill.

M. W. ARMSTRONG
Vernilion, Alberta

VERMILION: Where Prize Wheat is Grown

It is delightfully situated on the south bank of the Vermilion River, the two streams meeting to the north. Thus resulting perfect drainage and healthy resultant conditions.

Although the place where Vermilion now stands was chosen by the Canadian Northern railway, this is the first Alberta divisional point, and because of its location which is about half way between Bismarck and the trade and other obligations that come as a result, yet that makes Vermilion a natural center for the centre of an unusually rich agricultural district.

East and south of Vermilion are hundreds of thousands of acres of undulating prairie land which is very productive soil all the grains may be sown. This is the best territory most of necessity at the present time, the chief trade of which will flow to the city of Edmonton, which lies to the west of the Vermilion river flows and empties into the Great Saskatchewan some thirty miles away.

To the north and west the country is flat and level, the soil being very fertile, yet stock raising, dairying and mixed farming are and have been the chief occupations than the mere raising of grain. So far as the climate is concerned, the Cold Lake country, flat to overflowing with clay, sandstone, coal and other materials, is the best, while the valley has all kinds of manufacturing possibilities for this last stretch of western country not yet filled up by settlers, but which is rapidly filling up every year. Vermilion also affords the best advantages for the raising of grain, the Minto and the Red Deer and the Metis country which lies almost due north of the town. It is the logical place for the raising of grain, the part of the country.

Verminion is a Municipality.

In 1908 the first of the Canadian Northern reached Vermilion and thus placed the town on the map. Since then it has developed a solid agricultural growth until now the population is 1,500. Vermilion has had no boom and wants none. It seeks men and women who are interested in a quiet life, good homes and wonderful natural resources. So far as the business of the town is concerned, it is the centre of the grain trade of the district, and the town has recently been organized as a town of Western Canada.

At the present time there is a grain elevator and a large flour mill, a lighting plant with over 1,000 lights; a lumber yard, a hardware store, with long distance connection, a \$100,000 value; a school building with five teachers; a hospital with five 18-pipers; a fire hall with an up-to-date apparatus; a post office, appropriated for municipal purposes for the year 1912. Complete water and sewer system, which is now proposed and under consideration by the town council.

Vermilion has been chosen by the Dominion government as a port of entry and a customs house has been maintained. A government public lighting cost \$100,000, will soon be given to Vermilion. The town has a grain elevator, a flour mill, a hardware store, a storage tanks at Vermilion to supply the town and district.

There are three establishments of considerable size take care of the grain trade and the general trade for the surrounding country. In 1911 money orders issued by the post office amounted to \$25,000, 300 car loads were sold to farmers of the district. Goods imported in 1911 aggregated \$100,000, and in 1912 \$120,000. The wages distributed by the Canadian Northern in 1911 amounted to \$25,000, to cost \$25,000. The agricultural fair grounds for the district are situated in Vermilion, and the grain elevators, meat market, farm implement, lumber and door factories, makers of farm implements, grain elevators, feed stores, oatmeal mill and cereal factory, timber mill, woolen mills, packers, plants, etc. The Vermilion holds out the hand of welcome.

Chances in Vermilion.

Vermilion's most specific needs at the present time are men and women who are willing to take a small piece of land by and intensive farming get by devoting themselves to mixed farming, stock raising, dairying, etc. The well-to-do farmers are growing as the result, sound, up-to-date methods of agriculture, and are now showing to those who are coming in that there is a future in Vermilion. Among other wholesale dealers in Vermilion, the Alberta Lumber and Flaxseed Limited conduct a fur and pelts buying business.

A Manufacturing Centre.

As a manufacturing and producing centre, Vermilion will some day rank among the leading cities of Alberta. At the present time demands of clay and shale are great, and the material for a brick or tile works output will average 1,000,000 bricks annually. The lumber industry is well developed, 15 barrels per day and over 6,000 barrels will be required to supply the local market, nearly 60,000 barrels. Grain storage for feed barns, 25 feet deep for grain, will be required. The production of the grain grown in Vermilion will be largely for export purposes.

There is a gas and oil field of Alberta, and it is the opinion of those who have studied the subject that that gas would very probably be an abundant source of power. While a thorough test bore has not been made, yet, when a well was bored, the gas pressure of the gas covering a steady flow of water, the strata formation indicated a gas and oil formation.

Tides and Euston.

Vermilion has large department stores. Four general stores, two hardware stores, two furniture, two drug stores, one grocery, one clothing, one fruit store, one stationery, one photographic, one stationery store, two mercantile stores, two butchers and a wholesale liquor house. There are three inci-

ber yards in the town of Vermilion with the result that lumber is obtained from the nearest sawmills, which are three miles apart. Three garages. Three hotels cater to the tourist. There are several restaurants and two lodges.

Vermilion has a fine golf course, an attachment of the Royal Northern and Vermilion Development company, a corporation composed of prominent citizens of the town. The company owns the hotel, office and store building at a cost of \$25,000.

Among the leading churches the following are represented: Anglican, Roman Catholic, Methodist, Christ, and the Roman Catholic Church.

Amusement is provided by a theatre with a seating capacity of 600 and a billiard room. The curling rink was erected in 1910, and curling play a prominent part in the social life of the town. The members of the Vermilion curling team carried all before them on their fall. The secret lodges are represented by the Knights of Columbus and the Orange and Foresters. The two spending organizations of Vermilion are the C.N.R. and the Vermilion Thousand Club, both of which are native to the wonderful possibilities of the town. A Business Men's Club

"One Eddie" was run last week, typical of historical sketches.

Financial Conditions.

The Royal Bank at Vermilion, reports very satisfactory financial conditions.

Trade is increasing and going more extensively into stock-raising, becoming more independent.

The Royal Bank, while not first in the business, is rapidly making up a splendid connection.

Mr. Culver believes that the community is doing its duty. He looks for a great deal of progress during 1914.

Chief Big Pros.

Another striking example of prosperity of farmers at Vermilion is provided by Mr. Frank Morrison, who has half a section near Vermilion. He bought six cows for \$125, kept them for a year, and sold them for \$150, plus expenses included, for \$139, and made \$25 of cream from them during 1913.

Shipments Doubled Last Year.

A. J. Haynes, manager of the Imperial Hotel, Vermilion, says the shipment of stock practically doubled last year. He bought half a section near Vermilion. He bought six cows for \$125, kept them for a year, and sold them for \$150, plus expenses included, for \$139, and made \$25 of cream from them during 1913.

Conditions are Healthy.

"Prices in real estate show there has been no speculation in this line. Conditions are healthy."

Seventy-five per cent of our paper is grain, and we are in a position of stringency. Not half a dozen people in the district depend on grain growing for a living. The price of grain in ten years time will not be a borrowing at the present rate of interest.

Rentals are High.

The report of the manager of the Bank of Commerce, Vermilion, for the past year shows healthy conditions. The business of the town was perfect one from the farmer's viewpoint. The grain crop was excellent, the local crop was shipped, the rest being fed. The horse trade is in full swing, and the construction of the new bridge is in full swing. Increased production of hogs, 20 per cent over my brother's.

Sheep raising made good money for producers.

The increased production will be margin of expenditure on manufacture.

To Spend \$600 on Park.

The C.N.R. intends to spend \$600 on a park beside the depot at Vermilion.

The town will lay cement sidewalks and paved roads, and will have a dead of board walk on other streets.

The Government has guaranteed a loan of \$100,000, and \$10 million to Medicine Hat. It is expected to begin construction next year. Vermilion soon.

C.N.R. Are Digging Wells.

The town is observing the experiments of the C.N.R. in digging wells in the valley. If it is successful, the town will have a reliable water supply to be installed this summer.

The C.N.R. are sinking a number of experimental wells, and will complete the work in the fall. The C.N.R. supervisor of the C.N.R. has charge of the work, which will cost about \$10,000. The C.N.R. will have the river water and freezing in winter cause difficulties.

Logons at Vermilion.

Vermilion Lodge, A.F. & A.M. Royal Arch in justly deserved organization, and many others living there at present.

C.N.R.—Vermilion Lodge.

C.O.B.—Spruce Lodge.

L.O.L.—Spruce Lodge.

—Averaged 10,625 lbs.

From the diary of the experimental farm comes the following report:

On May 1, 1913, 100 lbs. of grain cost \$16.62 lbs. of milk per year, or \$245.75 on an average per head.

April 1, 1914, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1915, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1916, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1917, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1918, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1919, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1920, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1921, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1922, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1923, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1924, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1925, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1926, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1927, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1928, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1929, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1930, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1931, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1932, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1933, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1934, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1935, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1936, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1937, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1938, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1939, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1940, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1941, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.

April 1, 1942, 100 lbs. of grain cost \$15.62 lbs. each of milk: \$21.16 average.
